# Youth Mentoring Program

The NWIAAA and the VPD Mentoring Program is a program that offers developing experiences through collaborative relationships and opportunities for personal growth by distributing knowledge, skills, and talent from mentors. It provides developmental experiences as individuals are matched with a mentoring partner. The goal of the relationships is to cultivate growth and development for individuals.

Through the mentoring connection, mentors can train, guide, share skills, experience and talents which will enhance the mentee's growth. Mentoring opportunities will vary according to the needs and interests of the mentee and the organization. Mentoring will require time, commitment, and a clear plan.

## Mission Statement

Police and local community youth mentoring project seek to establish a trusting partnership and sustained relationship between community residents, their youth, and local law enforcement community.

We seek to provide active educational and social programming involving local law enforcement officers and Valparaiso youth to establish on going trust, support, and communication between community residents and local law enforcement communities.

## Vision Statement

Our vision is to create an environment of trust and communication that allows its participants to serve and protect collectively the needs of our local community together without bias or discrimination.
